CLOUD SCHOOL INTEGRATION GUIDE

A third party application used by your school uses Wonde to access school data from a number of MIS providers such as Cloud School. As your school is yet to have the integration setup with Wonde the following steps need to be completed.

Creating a 3rd Party User

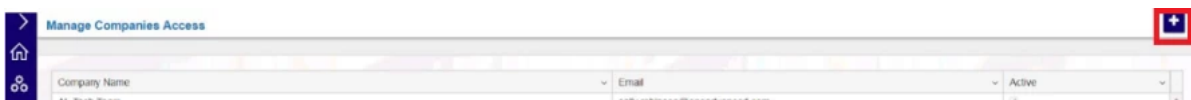

Please note that the only User Role which has access to manage the Manage Companies access is a School Administrator account.

Steps:

1. Log into Cloud School as School Administrator.
2. Go to System > Manage Companies Access.

3. Select the + button located in the top right hand side.

4. Select Wonde from the drop down bar in the Company Name list. The email will automatically generate as integrate@wonde.com. Please input the username as Wonde with your school's DFE number straight after it, e.g: Wonde1234321.

Provide Access

*Company Name: Email:

*Username: Active: Active Access: Core School Process

Functionalities: View Modify

20 Items per page No items to display

- Please ensure the Active and Access boxes are ticked as well as the Functionalities boxes are ticked for View.

Edit Access

*Company Name: Email:

UserName: Active: Active Access: Core School Process

Functionalities	<input checked="" type="checkbox"/> View	<input type="checkbox"/> Modify
Academic Year	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Assessment AdHocGroup	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Assessment Calendar Notification	<input checked="" type="checkbox"/>	<input type="checkbox"/>
