SCHOLARPACK MIS INTEGRATION GUIDE

A third party application used by your school uses Wonde to access school data from a number of MIS providers such as ScholarPack. As your school is yet to have the integration set up with Wonde, the following steps need to be completed.

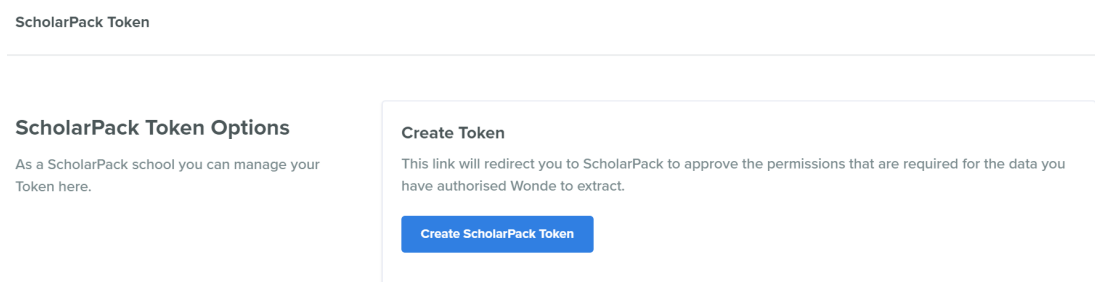

INTEGRATING WONDE WITH SCHOLARPACK REST:

The process of integrating with Wonde is very simple.

1. Please log into your Wonde account at <https://edu.wonde.com> by selecting your school, entering your email address and then send a magic link to log in. If you have not yet set up an account please get in touch with us at support@wonde.com or calling us on 01638 779144.
2. Approve any applications that you wish to integrate with by clicking on the pending icon. These will need to be approved before the ScholarPack token is created as the token permissions are based on the approved applications in Wonde.
3. Once approved please go to <https://edu.wonde.com/third-party-tokens>, or navigate to the top right hand corner, click on the dropdown arrow and select 'Third party tokens'.

4. Click on 'Create Scholarack Token'. You will be redirected to the ScholarPack login page.

5. Please fill in the details for your school. You will need to use an Admin or sysAdmin account for Scholarpack. Selecting the server and entering the school name will automatically populate the School Url. Please note that the School Name is case sensitive and can be found in your ScholarPack domain when you log in, for example: https://scholarpack10.co.uk/wondetestschool/main/index_html

The image shows a login form on a green background. It contains the following fields and elements:

- Username:** A text input field containing "WONDE".
- Password:** A text input field with masked characters "*****".
- Server:** A dropdown menu.
- School Name:** A text input field containing "wondetestschool".
- School Url:** A text input field containing "https://scholarpack10.co.uk/wondetestschool/".
- reCAPTCHA:** A checkbox labeled "I'm not a robot" next to the reCAPTCHA logo and "Privacy - Terms" link.
- Login:** A green button at the bottom center.

If the information is incorrect then this will loop back to the start and you will need to fill in the details again.

6. Once logged in, please review the permissions and then click on Confirm to approve the connection. This will complete the connection and redirect you back to your Wonde account.

The image shows a "Data Authorisation Request" dialog box with a pink border. It contains the following text and elements:

- Title:** "Data Authorisation Request"
- Greeting:** "Hi WONDE WONDE :-)"
- Text:** "Wonde would like access to your data on Wonde Sandbox Demo School with the following permissions:"
- Permissions List:**
 - Staff Contract Read
 - Student Information Read
 - Student Registration Read
 - First-party Contacts Read
 - Third-party Contacts Read
 - Staff Information Read
 - Student Photo Read
 - Student Registration Write
 - SEN Read
 - Looked-after Read
 - Staff Registration Read
- Buttons:** A red "Decline" button and a green "Confirm" button at the bottom.

7. When you have completed this, please contact the Wonde team via email support@wonde.com or by calling us on 01638 779144. The Wonde team will then confirm the connection is working successfully.
