

# Edval 10 Sync Integration Guide

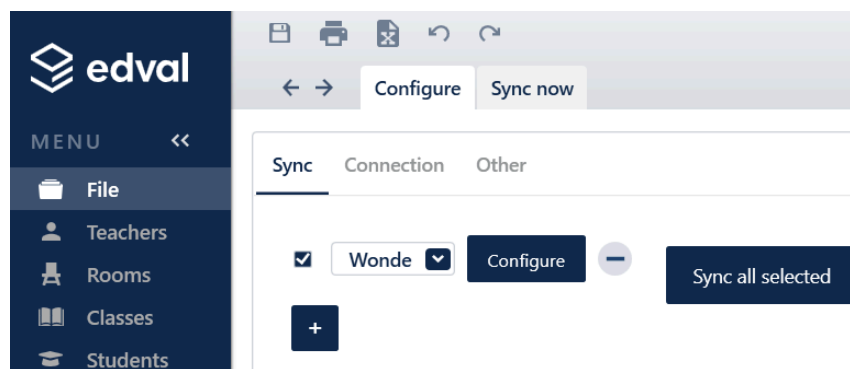

# Syncing Edval classes to Wonde

## Configuring Edval 10

Please note: This will require you to be on at least version of Edval version 10. We also recommend you make a backup copy of your timetable file (.etz file) before performing the sync.

If you are on a previous version of Edval, please update from the **Settings > Updates** screen.

1. Go to File > Synchronise > Configure.
2. Click the plus and select "Wonde" from the dropdown.

3. Go to the 'Connection' sub-tab. Input the below details:

- **URL:** https://mis-inbound.wonde.com/liss
- **Username:** Wonde to supply
- **Password:** Wonde to supply
- **School Code:** Wonde to supply

The screenshot shows the 'edval' web application interface. On the left is a dark blue sidebar with a 'MENU' and a list of navigation items: File, Teachers, Rooms, Classes, Students, Lines, Grid, Health Check, Reports, and COVID-19. The main content area has a top navigation bar with 'Configure' and 'Sync now' buttons. Below this is a tabbed interface with 'Sync', 'Connection', and 'Other' tabs. The 'Connection' tab is active, showing a form with the following fields:

- URL: [Redacted]
- Username: WONDE TO SUPPLY
- Password: WONDE TO SUPPLY
- School code: WONDE TO SUPPLY
- Proxy:  Provide proxy credentials

A 'Test connection' button is located at the bottom of the form.

# Syncing in Edval 10

## Advanced Sync

To perform a Advanced sync:

1. Go to File > Synchronise > Sync Now
2. Ensure "Wonde" is selected from the dropdown in the top-right corner
3. Go to the 'Advanced' sub-tab
4. Select the following Publish options:
  - a. Publish Classes
  - b. Publish Class lists
  - c. Publish Timetable
  - d. Publish Rooms
  - e. Publish Students
  - f. Publish Teachers
5. Check the rotation is correct
6. Click 'Go!' to start the sync
7. Once the sync has completed please run it a second time for Wonde to match students and teachers to their respective classes

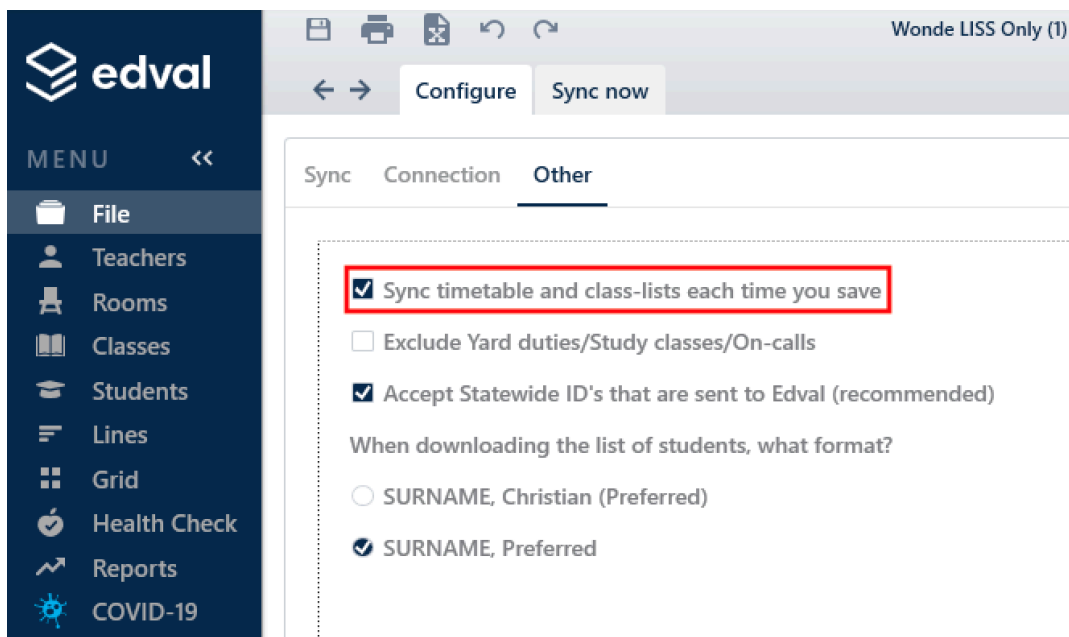

The screenshot shows the Edval software interface. On the left is a dark blue sidebar with the 'edval' logo and a 'MENU' section containing icons for File, Teachers, Rooms, Classes, Students, Lines, Grid, Health Check, Reports, and COVID-19. Below the menu is an 'ADMIN' section with icons for Setup, Settings, and Help. The main content area has a top navigation bar with 'Configure' and 'Sync now' tabs. A warning banner below the tabs states: 'This sync can make changes to your data. Performing this sync will clear your undo history.' The 'Advanced' tab is selected, showing two columns of options. The left column, 'Wonde server --> Edval', includes 'Download Rooms', 'Download Students' (with a sub-option 'Create new years (if new in downloaded students)'), and 'Download Teachers'. The right column, 'Edval --> Wonde server', includes 'Publish Classes', 'Publish Class lists', 'Publish Timetable', 'Publish Bell times', 'Publish Rooms', 'Publish Students', and 'Publish Teachers'. The 'Publish' options are all checked. Below these columns are fields for 'As at date' (5/02/2019), a 'Create support log file' checkbox, and 'Edval Rotation(s)' (Rot 1). A 'Go!' button is at the bottom.

## Troubleshooting

If you are having issues. Please check the “Create support log file” option and provide the debug.txt (located in the same folder as your .etz file) to Wonde.

### Setting up the Edval Sync to Run Automatically:

1. Ensure that the Wonde Sync is selected from the dropdown and Go to *File > Synchronise > Configure > Other*
2. Enable the checkbox option ‘**Sync timetable and class-lists each time you save**’ as pictured below;

3. With this option enabled Edval will perform a sync to Wonde whenever changes are saved, removing the need to manually run the sync

Please notify Wonde's Integrations team at [support@wonde.com](mailto:support@wonde.com) for us to test that the sync has been successful & confirm for you that the connection is good to go.
