

# Helix

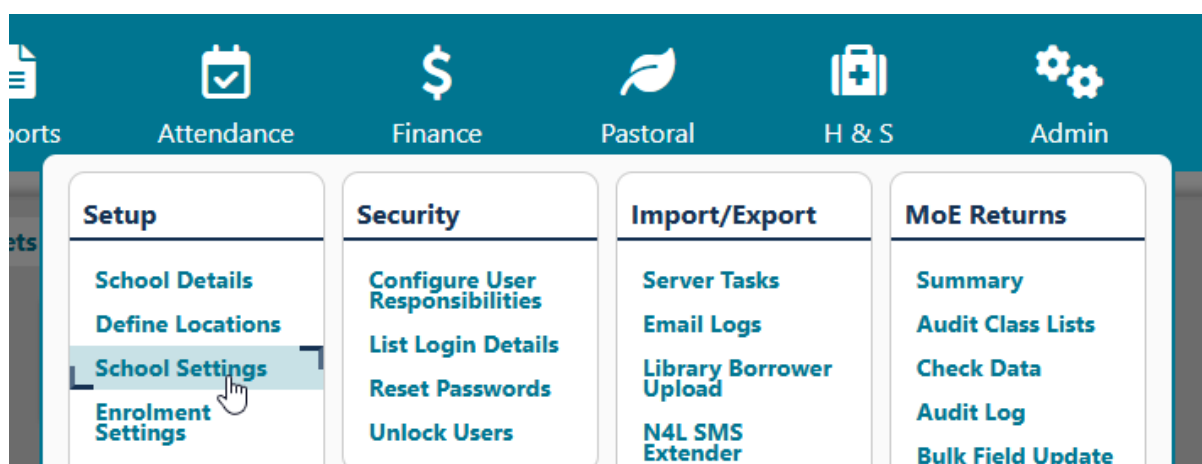

Integration Guide

One of the applications used by your school connects directly to Helix through the Wonde platform, saving you the need to transfer data between systems using CSV's.

As your school is yet to have the integration setup with Wonde, the following steps need to be completed.

### **Integrating Wonde with Helix:**

1. Log into your Helix portal and go to the Admin tab.
2. Under the Setup heading, select School Settings.

3. On the External Providers page, tick the 'Allow Wonde to access your data' box and click Save.

**External Providers**

Educa:  Allow Educa to access your data. A notification will be sent to Educa when this setting is changed

Hail To:  Allow Hail To to access your data. A notification will be sent to Hail To when this setting is changed

Kindo:  Allow Kindo to access your data. A notification will be sent to Kindo when this setting is changed
